Workforce Inventory of Education and Training (WIET) Overview

Background Information

Section 122 of the Workforce Innovation and Opportunity Act (WIOA) states, “States, in partnership with Local Boards, must identify eligible training providers and programs that are qualified to receive WIOA Title I-B funds to train adults and dislocated workers, including those with disabilities...WIOA Sec. 122 (c) specifies that states must establish an application procedure for training providers and programs to maintain their eligibility and the eligibility of their programs.”

Reference

Training Providers

A WIET Approved Training Provider Minimum eligibility requirements are as follows:

- The training provider must have a valid FEIN, and be in good standing.
- The training provider must be accredited by a legitimate accrediting agency, or an approved provider that offers the ability to take a state test for a license upon completion.
- The training provider must be registered with the Ohio Secretary of State unless it is an exempted institution, such as Title IV School, Ohio Technical Center, etc.
- The training provider must not have an active exclusion on the System for Award Management, or placed on the U.S. Department of Education’s Debarment List.
- The training provider must have been in business for at least two years at the time of their registration.

Types of WIET Approved Training Providers

There are nine classifications of Training Providers on WIET:

- Four year university eligible to receive Title IV funds from Higher Education Act (HEA)
- Two year university eligible to receive Title IV funds from Higher Education Act (HEA)
- Ohio Technical Center eligible to receive Title IV funds from Higher Education Act (HEA)
- Non-Ohio Accredited Postsecondary Vocational School
- Registered Apprenticeship program under National Apprenticeship Act
- Non-Registered Apprenticeship program
- Internship or Co-op
- Community based organization/Non-Profit
- Proprietary School/For Profit

Local Providers

A local training provider is:

- A training provider that does not meet the minimum eligibility criteria to be placed upon the public facing list.
- They can be placed on the local provider list, created by the OWCMS Staff role in each area, and can be used for training purposes at the local OMJ Center's discretion.

The local providers will be available for selection in OWCMS when the training service is not part of an ITA.

About WIET

The Workforce Inventory of Education and Training (WIET) application automates certifying all types of training providers, while tracking applications and programs. WIET:

- A web-based application.
- Replaces a paper-driven system.
- Shares Training Provider data with the Workforce System WIOA application.
- Provides a webpage that allows public access to search for training providers.

WIET Home Page Procedures

Procedure: Quick Search

When to Use

Use this procedure to search for a training provider when you know all or part of the training provider's name, or all or part of a program name.

Before You Begin

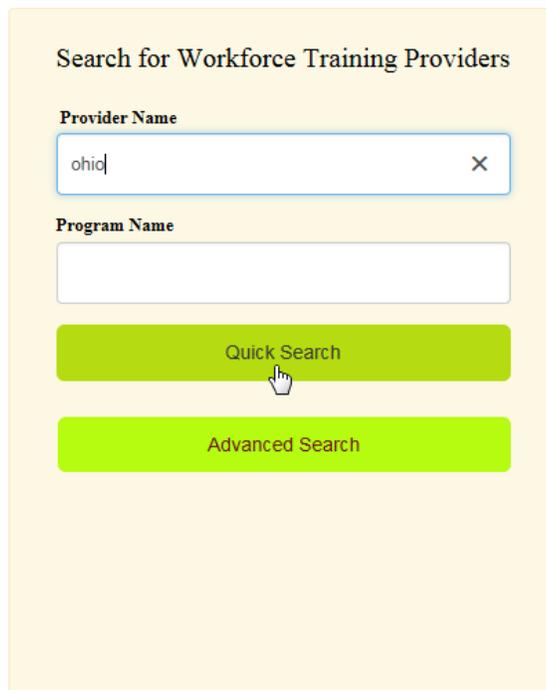

Before you perform this procedure:

- Go to the following URL: <https://owcms.ohio.gov/wiet/>
The WIET website home webpage displays.

Steps

Perform the following steps to execute a quick search for a training provider by the provider's name or the offered program name:

1. On the WIET website home webpage, type at least three characters of the desired training provider's name into the *Provider Name* field, or type at least three characters of the desired training program into the *Program Name* field.

The screenshot displays a search interface titled "Search for Workforce Training Providers". It features two input fields: "Provider Name" and "Program Name". The "Provider Name" field contains the text "ohio" and has a clear button (X) on the right. Below the input fields are two buttons: "Quick Search" and "Advanced Search". A mouse cursor is pointing at the "Quick Search" button.

2. Click the **Quick Search** button.

The Training Provider Search Results webpage displays, listing all eligible training providers and programs that meet your search criteria.

Note: To save the search results, click **Save Search Results**. The search results page is opened as a PDF file in a new tab.

- Continue your training provider search.

Procedure: Advanced Search

When to Use

Use this procedure to search for a training provider when you want to search for one or more of the following fields: Provider Name, Program Name, Location, Type of Attainment, or Occupation.

A training provider is an eligible institution or business that is approved to offer programs on the Workforce Inventory of Education and Training (WIET).

Before You Begin

Before you perform this procedure:

- Start your Internet browser.
- Go to the following URL: <https://owcms.ohio.gov/wiet/>
The WIET Home webpage displays.

Steps

Perform the following steps to execute an Advanced Search:

1. On the WIET website home page, click **Advanced Search**.
The Advanced Training Provider Search webpage displays.

2. Enter the desired search criteria into one or more of the appropriate fields on the Advanced Training Provider Search webpage. For details, go to Advanced Training Provider Search Page Field Descriptions. The advanced search options are outlined below:
 - *Provider Name* - Type at least three characters of the desired training provider into the *Provider Name* search box.
 - *Program Name* - Type at least three characters of the desired program into *Program Name* search box.
 - *Type of Attainment Given* – Click the drop-down arrow for the **Type of Attainment Given** field. A drop-down menu displays that allows one or multiple selections with the following options:
 - a. Professional Degree
 - b. Doctoral Degree
 - c. Master Degree
 - d. Bachelor Degree
 - e. Associate Degree
 - f. Vocational/Technical Degree
 - g. Industry Recognized Certificate/Credential
 - h. License
 - i. Other

Note: In order to select multiple values, click on the desired first selection and hold ctrl while selecting the remaining desired values.
 - *Online Program* – Click the **Online Program** checkbox to search for programs that are offered via an online location option.
 - *O*NET Code & Title* – Click **Search for Occupation O*NET Codes/Titles**. The Program O*NET Search window displays, which contain the following options:
 - Search by field
 - Click the drop-down arrow. A drop-down menu displays with the options of O*NET Title and O*NET Code. Select the appropriate choice.
 - Search for field
 - Type the desired search criteria in the *Search for* field.
 - Click **Search**. The O*NET Code & Title Search Results are displayed in the Program O*NET Search window. Select the desired O*NET code from the results list.
 - The selection is automatically populated in the *O*NET Code & Title* field on the Advanced Search Page.

For details, go to Program O*NET Search Page.

- Ohio Map with JobsOhio Regions or Counties
 - Click **Select Ohio Counties from Ohio Map**. The Select Counties from Ohio Map webpage displays. Select either the **JobsOhio Regions Map** or **Ohio Counties Map** radio button. For details, go to Select Counties from Ohio Map Page.

Note: If JobsOhio Regions is selected, only one JobsOhio region can be selected for each search. If Ohio Counties is selected, 1-8 counties may be selected for each search. For more details regarding the makeup of the JobsOhio Regions please visit: <http://jobs-ohio.com/network/>

- Once all desired search criteria is entered on the Advanced Training Provider Search Page, click **Search Providers**. If all search criteria requirements have been met the Advanced Training Provider Search Results webpage displays. For details, go to Advanced Training Provider Search Results Page.

Note: If the search criteria requirements have not been met an error message will display in order to assist in meeting the search criteria requirements.

- The Advanced Training Provider Search Results page will display. There are two unique Advanced Training Provider Search Results pages, and they are outlined below:
 - Advanced Training Provider Search Results – Version 1
Version 1 will display if the search criteria did not include Program Name or Occupation. The Advanced Training Provider Search Results will display all results that met the search conditions. The results will be listed as Provider Name, Location Info, and Provider Rating.

Procedure: Register as a Training Provider

When to Use

Use this procedure to register as a training provider. Once approved, you can add training programs, training locations, and add additional contacts for use on the Workforce Inventory of Education and Training (WIET).

Before You Begin

Before you perform this procedure, obtain the following information:

- Federal Employer Identification Number (FEIN)
- Address
- Institutional information (Institution type, Ohio Secretary of State Registration, etc.)
- Accreditations
- Financial aid information
- Graduation rate data
- Employment following graduation data

Steps

Perform the following steps to register as a training provider:

1. Start your Web browser and open the WIET website (<https://owcms.ohio.gov/wiet/>).
The WIET website home page displays.
2. Click the **Register as a Training Provider** link.
The Training Provider Registration webpage displays.
3. Enter your institution's FEIN in the Please enter a valid FEIN field box. Click on the **Submit** button.
 - If the FEIN you entered is not found in WIET the Training Provider Registration webpage displays the following message:
 - "If the FEIN you entered is found in WIET the system will generate an error message stating 'A Training Provider has already registered with the same FEIN. You may contact the following individual for more information on the Training Provider:', and provides you with the provider's contact name, phone number, and email."

- Otherwise, complete all required and applicable fields, and then click **Submit**.

- If the provider's information does meet the requirements for automatic approval, the Registration Confirmation – Approved webpage will display.
Automatic Approval Criteria is as follows:
 - Valid FEIN and institution is in good standing
 - Institution is accredited by one of the listed accrediting agencies in the drop-down menu
 - Institution is registered with the Ohio Secretary of State
 - Institution is not on the U.S. Department of Education's Debarment List
 - Institution has been operating for at least 2 years
 - If the provider's information does not meet the requirements for automatic approval, the Registration Confirmation – Pending Approval webpage displays. For details, go to Registration Confirmation – Pending Approval Page.
 - WIET generates the WIET Provider Contact Account Information email and sends it to the email address listed as the contact for the training provider.
 - If the training provider account is approved, the provider's contact will receive the WIET Provider Contact Email Validation email. You must click on the validation link within 8 days. Once you validate your email, you are permitted to login to WIET.
 - If the training provider account is declined, the provider's contact will receive the WIET Training Provider Account Declined email.
5. Once your Training Provider Account has been approved and you have validated your email address, you can login to WIET to add programs and locations.

Procedure: Email Account Validation

When to Use

Use this procedure to confirm your email address after you have been approved as a training provider in WIET.

Important: You must confirm your email address in order to for your login credentials to be activated.

Before You Begin

Before you perform this procedure:

- Register as a Training Provider.
- Receive the WIET Provider Contact Email Validation email message at the email address you provided at registration.

Steps

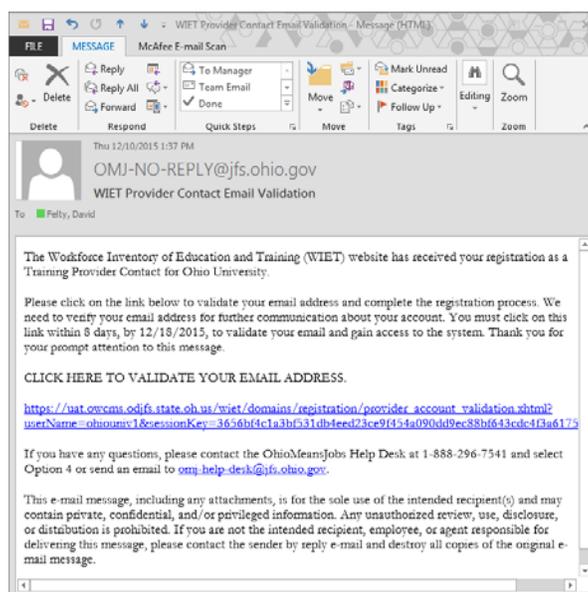

Perform the following steps to confirm your account registration email address:

1. Start your email application.
2. Review your email messages. The email message you need to find has a subject line similar to the following:

WIET Provider Contact Email Validation

- If the email has not arrived, stop this procedure and try again later.

3. Open the email.
4. Click the URL that displays below **CLICK HERE TO VALIDATE YOUR EMAIL ADDRESS.**

5. A browser window displays, opened to the WIET – Provider Contact Account Confirmation webpage. This page confirms that your email address has been validated.
6. Login to WIET and add your institution's locations and programs.

WIET – Add Local Providers

Procedure: Create Local Provider

When to Use

Use this procedure to create a new local training provider in WIET.

Before You Begin

There are no prerequisite activities.

Steps

Use the following steps to perform a search for a local training provider.

1. Access the WIET website, and login to WIET with your OWCMS Username and Password.
The OWCMS Staff Home webpage displays.
2. Click **Create Provider**.
The Staff – Create Provider webpage displays.

Staff -Create Provider

*Provider Name

*Address

*Zip

Select	City	County	State
<input checked="" type="radio"/>	COLUMBUS	FRANKLIN	OH

Phone

*Staff Email

*Re-type Staff Email

* = Required

3. Enter the necessary data into the fields on the Staff – Create Provider webpage. The input fields are outlined below:
 - **Provider Name:** Enter the local training provider’s institutional name into the Provider Name field.

- Address: Enter the local training provider’s street address into the Address field.
- Zip: Enter the local training provider’s zip code into the Zip field.
- City, County, and State: Select the radio button with the correct City, County, and State combination.

Note: The City, County, and State combinations are system generated based upon the entered zip code.

- Phone: Enter the local training provider’s telephone number into the Phone field.
- Staff Email: Enter your email address into the Staff Email field.
- Re-Type Staff Email: Re-enter your email address into the Re-Type Staff Email field to ensure accuracy.

4. Once all local provider information has been entered, click **Save**.
A green message will appear in the upper-left portion of the Staff – Create Provider webpage in order to notify you that the local training provider has been saved successfully.

The screenshot shows the 'Staff - Create Provider' web form. At the top, a navigation bar includes links for Home, OWCMS Staff Home, OhioHigherEd, OhioMeansJobs, Ohio.gov, FELTYD, and Help. A green message in the upper-left corner states: 'Staff provider information saved successfully.' The form fields are as follows:

- *Provider Name:** Felly's Computer Training
- *Address:** 4020 E 5th Ave.
- *Zip:** 43219
- Select:** A radio button is selected.
- City:** COLUMBUS
- County:** FRANKLIN
- State:** OH
- Phone:** (111) 111-1111
- *Staff Email:** David.Felty@jfs.ohio.gov
- *Re-type Staff Email:** David.Felty@jfs.ohio.gov

At the bottom of the form, there are two buttons: 'Save' and 'Return to Staff Home'. A footer contains links for About Us, Contact Us, Privacy Policy, Site Index, and Help, along with browser compatibility information and a copyright notice for 2015 ODJFS.

5. Continue performing OWCMS Staff tasks as necessary.

Procedure: Local Provider Search

When to Use

Use this procedure to search for a specific local training provider.

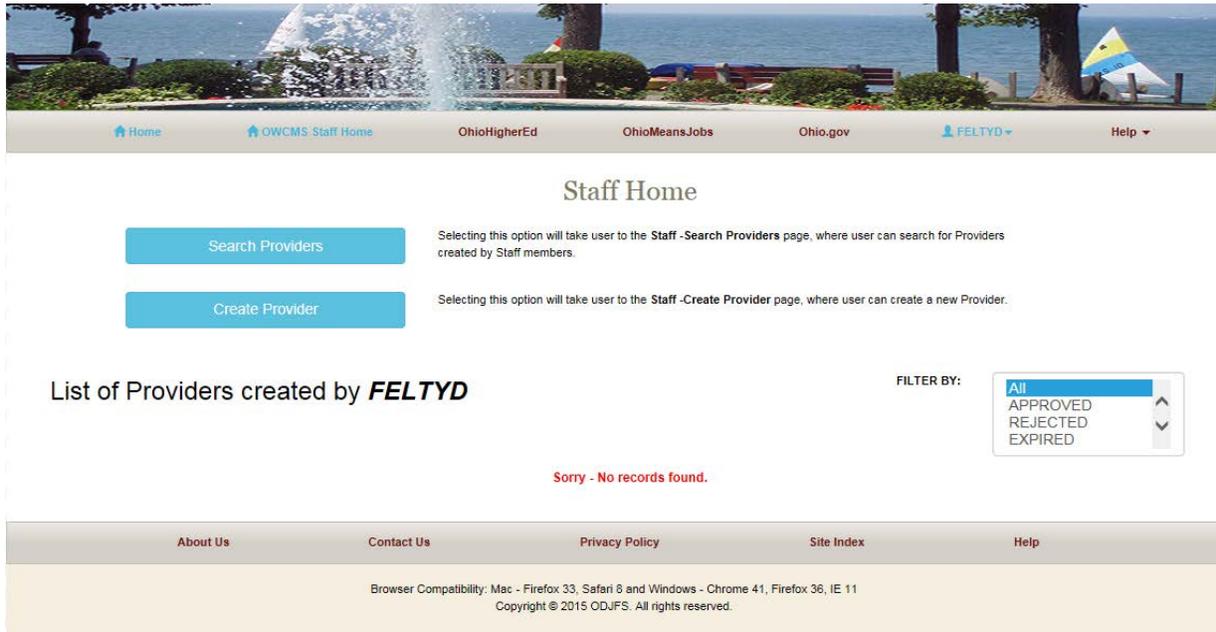

Before You Begin

There are no prerequisite activities.

Steps

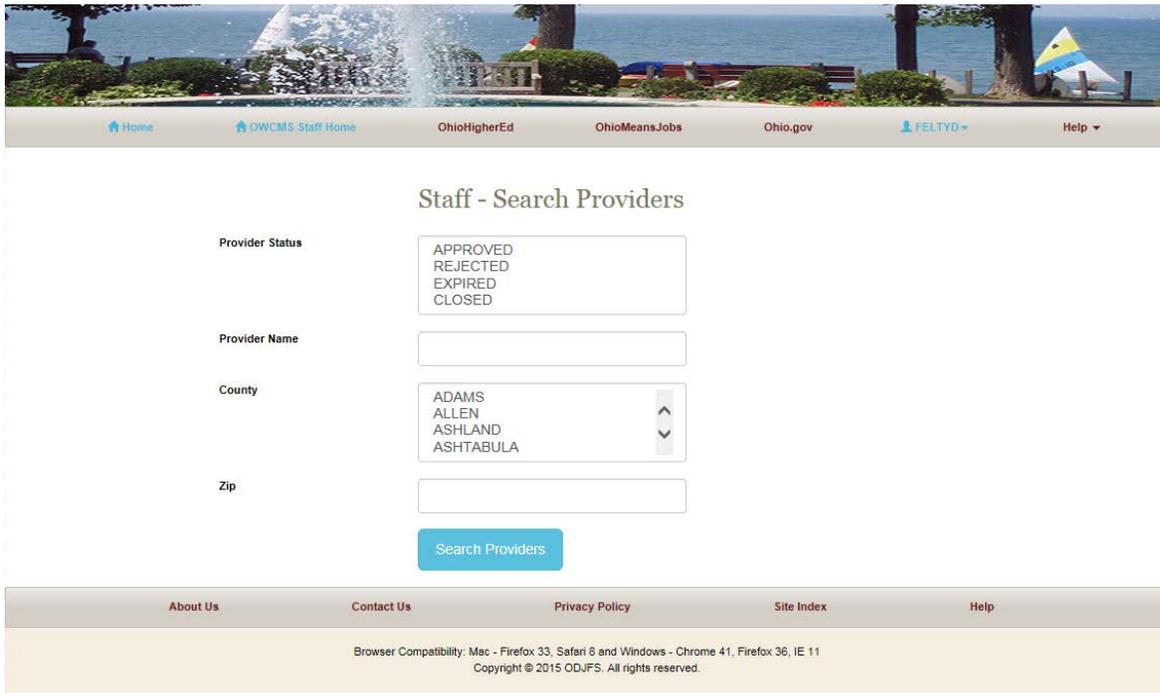

Use the following steps to perform a search for a local training provider.

1. Access the WIET website, and login to WIET with your Novell ID and password. The OWCMS Staff Home webpage displays.

2. Click **Search Providers**.

The Staff – Search Providers webpage displays.

3. Input or select the desired search criteria in the available search fields. The individual search fields are outlined below:

- **Provider Status** – The Provider Status selection box allows the user to search for training providers by status. The following outlines the selectable options:
 - Approved
 - Rejected
 - Expired
 - Closed
- **Provider Name** – Enter at least three letters of the desired training provider into the Provider Name field.
- **County** – The County selection box allows the admin user to search for training providers by county.
- **Zip** – The Zip field allows the admin user to search for training providers by zip code.

- Enter or select at least one of the search criteria, and click **Search Providers**.
The Provider Search Results webpage displays.

OWCMS Procedures

Provider > Create Provider/Local Provider

To access WIET from OWCMS:

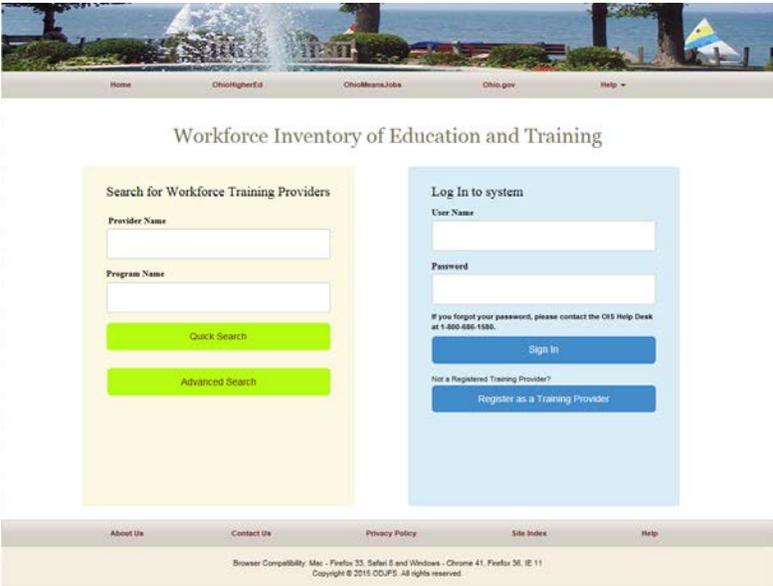

- 1. From the OWCMS tool bar, hover over **Provider**.

The **Provider** drop-down menu displays.

- 2. From the Provider drop-down menu, click **Select Provider**.

The WIET Home webpage displays in a new browser tab.

- 3. Create or search for an approved WIET provider or local provider.

Procedure: Add a WIA Training Service with an ITA

When to Use

Use this procedure to enroll a job seeker in a WIA training service with an ITA. To enroll a job seeker in a training service, the job seeker must be unemployed or unable to be self-sufficient.

Before You Begin

Before you perform this procedure:

- Open the job seeker's case, either by searching for the job seeker or from your Case Load View.
- Update the job seeker's Basic Intake information if applicable.
- Calculate the job seeker's eligibility for WIA programs or assign a special grant to the job seeker.
- Access the WIA menu on the OWCMS menu bar and select the Services menu option. The Services window displays.

Steps

Perform these steps to add a training service with an ITA:

1. On the Services window, click the **Services** tab.

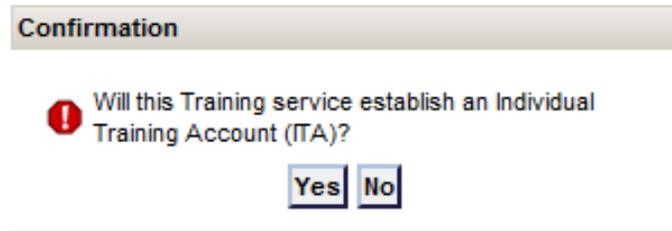

Important: Please note the new fields listed on the Services tab. These fields include the Waiver drop-down menu, the In-Demand checkbox, and the Local Area Demand field box.

The screenshot shows the 'Services' window in OWCMS. At the top, there's a menu bar with 'WIA', 'Provider', 'Staff Functions', 'Reports', 'L11', and 'Administrative Help'. Below that, the window title is 'Services' and the name of the job seeker is 'SEEKER, JANE'. The 'Services' tab is selected, showing a table with columns for 'Service Type', 'Service/Activity', and 'Provider'. There are two rows of data: 'Core' with 'PARTNER CORE' and 'Intensive' with 'CASE MANAGEMENT'. Below the table, there are several input fields: 'ONET Code', 'ONET Title', 'ONET Description', 'Actual Start Date' (02/23/2016), 'Planned End Date' (02/23/2016), 'Actual End Date', 'ITA' checkbox, 'Training Start Date', 'Planned Cost' (\$0.00), 'Actual Cost' (\$0.00), 'Waiver' dropdown menu, 'In-Demand' checkbox, 'Local Area Demand' field, 'Instruction' dropdown, 'WIA Credential, Diploma, or Certificate' dropdown, 'Date Attained', and 'Service/Activity Outcome'. A 'Create New Provider' button is located at the bottom right.

2. Click the **Add** button to begin the steps to add a service
3. If the job seeker is eligible for more than one program or grant, select a program or grant in the Program Affiliation field. This will determine the program or grant for which you are adding the service.

- In the Service Type field, select **Training**.

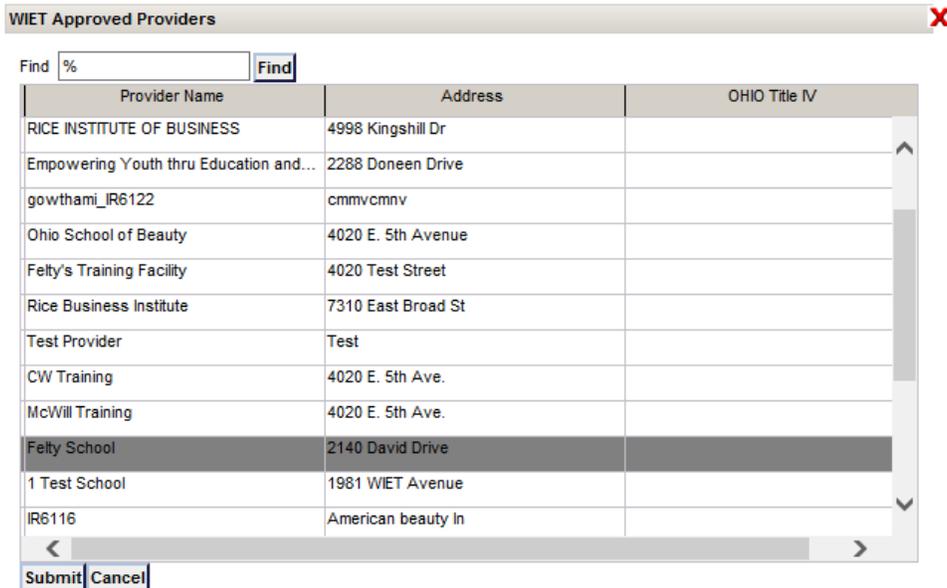

You are prompted to indicate whether the training service will establish an Individual Training Account. Select **Yes**, and the ITA check box is automatically selected.

- In the Service/Activity field, select **Occupational Skills Training**.
- In the Provider field, select the appropriate provider and click **Submit**.

The provider's name displays in the Provider field. The Provider list only includes approved WIET providers if assigning the training service as part of an Individual Training Account. For all other training services, the list includes local OWCMS Training Service Providers.

Note: The training provider must be selected from a list of active, registered providers. You cannot type a provider's name in the Provider field.

- In the Program field, select the provider's training program and click **Submit**. The program name displays in the Program field. If you selected an approved WIET training provider in the Provider field, this field is required.

- If an O*NET Code is selected that is not on the In-Demand list the following dialogue box will display:

Note: If you select waiver, you will need to select your specific waiver from a list. If you do not have a waiver, you will need to submit a request for a waiver. To do this, please contact WIAQNA or call 1.888.296.7541, Option #3 and they will send you the form to be completed. Then WIAQNA staff will add your waiver to the list for you to select with your Training on your case.

- Complete the following required fields:

- Actual Start Date
- Planned End Date
- Planned Cost (Automatically populated if an approved WIET provider and program is selected)

- Click the **Save Record** button.

- To access links to information about the performance measures, click the **Performance Measure Guidance** button or the **TEGL 17-05** button.
- When you are finished viewing the pop-up window, click the **OK** button.

Procedure: Add a Training Service without an ITA

When to Use

Use this procedure to enroll a job seeker in a training service that does not require an ITA for a WIA program. To enroll a job seeker in a training service, the job seeker must be unemployed or unable to be self-sufficient.

Before You Begin

Before you perform this procedure:

Open the job seeker's case, either by searching for the job seeker or from your Case Load View.

Update the job seeker's Basic Intake information as required.

Calculate the job seeker's eligibility for WIA programs or assign a special grant to the job seeker.

Access the WIA menu on the OWCMS menu bar and select the Services menu option. The Services window displays.

Steps

Perform these steps to add a training service without an ITA:

1. On the Services window, click the **Services** tab.

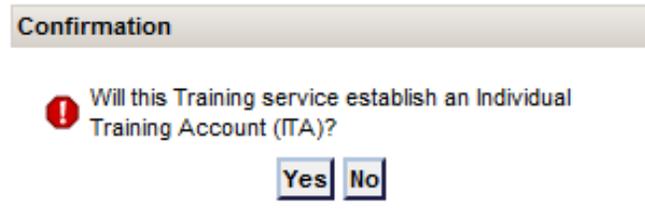

Important: Please note the new fields listed on the Services tab. These fields include the Waiver drop-down menu, the In-Demand checkbox, and the Local Area Demand field box.

2. Click the **Add** button to add a blank service record.
3. If the job seeker is eligible for more than one program or grant, select a program or grant in the Program Affiliation field. This will determine the program or grant for which

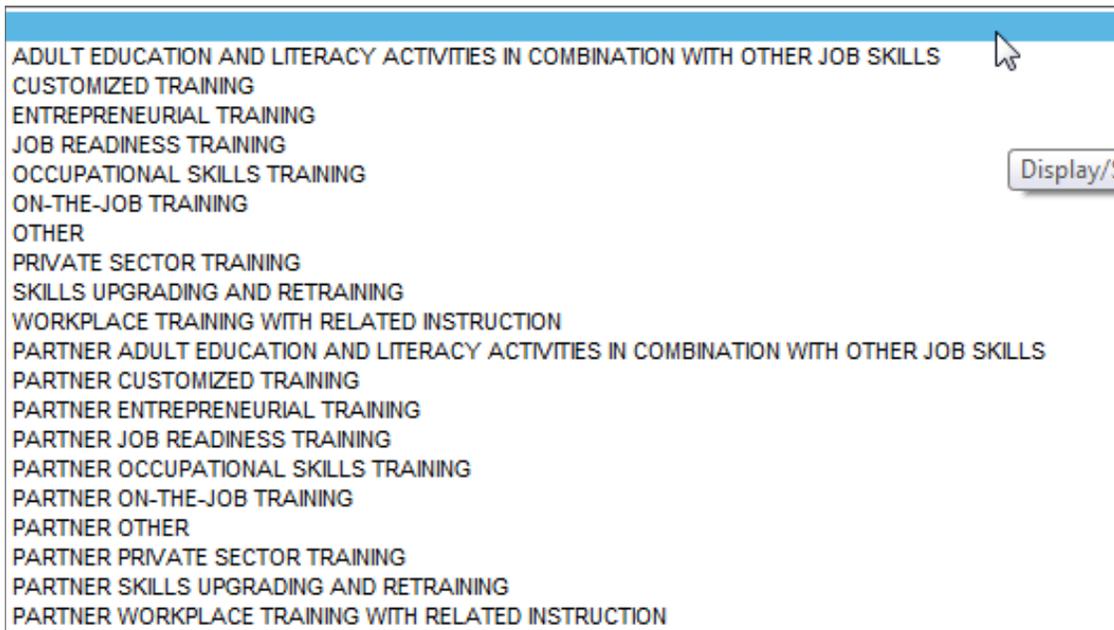

you are adding the service. If the job seeker is eligible for only one program or grant, the Program Affiliation field displays the name of that program or grant.

- In the Service Type field, select **Training**.

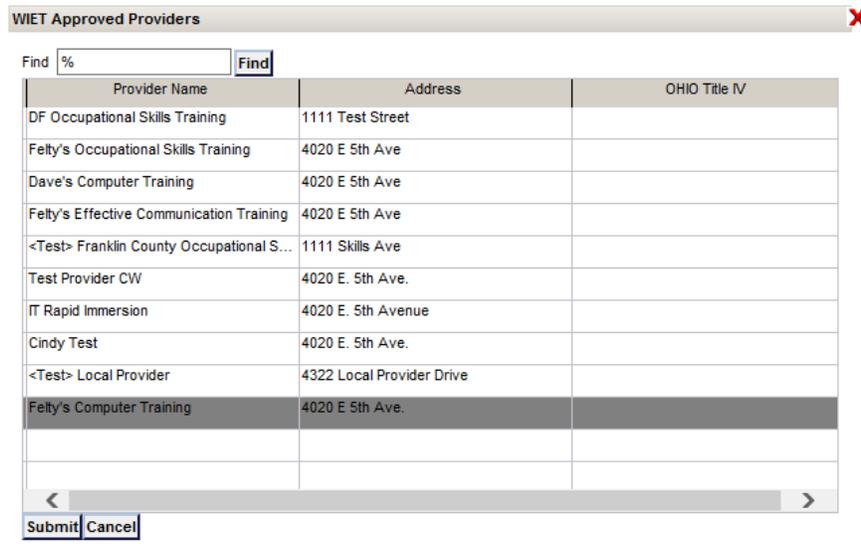

You are prompted to indicate whether the training service will establish an Individual Training Account. Select the **No** button.

- In the Service/Activity field, select the appropriate training service from the drop-down menu.

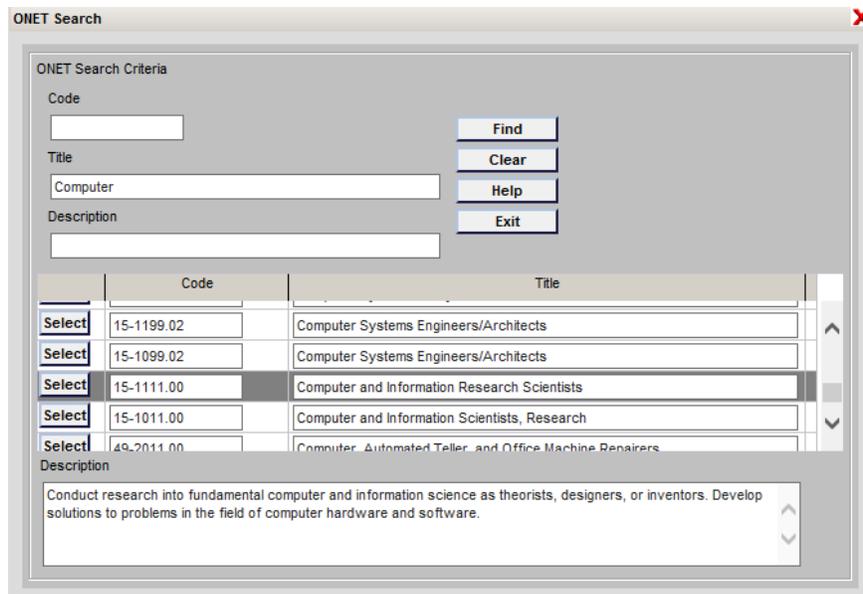

- In the Provider field, select the appropriate provider and click **Submit**. The provider's name displays in the Provider field. The Provider list includes WIET Registered Local Providers within your local area if the training service is not part of an Individual Training Account.

- Since you selected a local provider in the Provider field, select an ONET code from the ONET Search window.

Note: The in-demand occupations are marked with a thumbs-up symbol. An in-demand occupation must be selected in order to utilize the WIOA 85% funds. If an O*NET code is selected that is not in-demand, a dialog box will display in order for you to select either utilize the WIOA 15% funds or approved waiver. An active waiver must already be in place for the local area in order to choose this option.

- If an in-demand O*NET code was selected, the Local Area Demand field populates with 85%.
- If a not in-demand O*NET code was selected, the following dialogue box will display:

Note: If you select waiver, you will need to select your specific waiver from a list. If you do not have a waiver, you will need to submit a request for a waiver. To do this, please contact WIAQNA and they will send you the form to be completed. Then WIAQNA will add your waiver to the list for you to select with your Training on your case.

8. Complete the following required fields:
 - Actual Start Date
 - Planned End Date
 - Planned Cost
9. Click the **Save Record** button.

The screenshot shows the 'Services' section of the WIA Provider software. The 'Name' field is 'DISLOCATED, JOHN'. The 'Staff Assigned' is 'FELTY, DAVID' and the 'Program Affiliation' is 'WIA DISLOCATED WORKER'. A table lists three services: 'Core' (CAREER COUNSELING), 'Intensive' (DEVELOPMENT OF INDIVIDUAL EMPLOYMENT PLAN), and 'Training' (PARTNER OCCUPATIONAL SKILLS TRAINING). Below the table, the 'ONET Code' is '15-1111.00' and the 'ONET Description' is 'Conduct research into fundamental computer and information science as theorists, designers, or inventors.'. The 'Actual Start Date' is '03/01/2016' and the 'Planned End Date' is '03/09/2016'. The 'Planned Cost' is '\$1,000.00' and the 'Actual Cost' is '\$0.00'. The 'Local Area Demand' is set to '15%'. There is a 'Create New Provider' button at the bottom.

10. When the job seeker completes the training service, record the result.
